Imagine that you have to design a room for a very special book. It is a very large, heavy book. This book is so important that it must be treated in the same way as if it were a person. The book has to be:

- read aloud every day;
- put away every evening;
- looked after while it is open and being used;
- treated very carefully.

The book has to be placed in a special room. The importance of the book should be shown through:

- where it is placed in the room;
- what it is placed on;
- having something over the top of it;
- having a safe place where it can be put at night.
